# 5.2 Total number of CSBG eligible entities 16

5.3 Changes to Eligible Entities List:

Has the list of eligible entities under item 5.1 changed since the State's last State Plan submission? • Yes No

The Northern Arapaho Tribe (NAT) formerly received a CSBG allocation from CSP to assist all low-income residents of the Wind River Reservation (WRR). Beginning in FFY 2016, NAT elected to apply directly to the Office of Community Services (OCS) for Tribal CSBG funds covering only NAT members across the state. The NAT allocation is deducted from the StateAs CSBG Allocation but oversight and monitoring will be conducted directly through OCS. Wyoming continues to remain 100% covered as Fremont County is covering all non-NAT, low-income residents of the WRR.

If the State is using the COE-developed organizational standards, does the State propose making a minor modification to the standards, as described in IM 138? 🔘 Yes 🚇 No 6.2a. If yes was selected in item 6.2, describe the State's proposed minor modification to the COE-developed organizational standards, and provide a rationale. 6.3 How will/has the State officially adopt(ed) organizational standards for eligible entities in the State in a manner consistent with the State's administrative procedures act? How will the State assess eligible entities against organizational standards, as described in IM 138? [Check all that apply.] Peer-to-peer review (with validation by the State or State-authorized third party) Self-assessment (with validation by the State or State-authorized third party) Self-assessment/peer review with State risk analysis State-authorized third party validation Regular, on-site CSBG monitoring Other 6.4a. Describe the assessment process. Each tripartite board was required to complete either the Public or Private Organizational Standards Self-Assessment Questionnaire and submit it with their FFY 2016 CSBG application. An evaluation tool was designed based upon their responses which indicated that the majority of the Organizational Standards are currently being met, therefore, Wyoming will adopt the suggested Organizational Standards. CSP will update the CSBG Policies and Procedures to include all of the Organizational Standards. Further, CSP will distribute this information, provide ongoing support through day-to-day contact, hold regular conference calls, conduct webinars and provide other training as necessary. Progress will be reported monthly and assessment will occur during annual desk and triennial on-site monitoring. Any tripartite board who is not meeting 75% or more of the standards by the end of FFY 2016 will be placed on a Quality Improvement Plan and a Technical Assistance Plan will be developed for FFY 2017. The expectation is that all tripartite boards will meet 100% of the CSBG Organizational Standards by FFY 2018. 6.5. Will the State make exceptions in applying the organizational standards for any eligible entities due to special circumstances or organizational characteristics, as described in IM 138 Ves No 6.5a. If yes was selected in item 6.5, list which eligible entities the State will exempt from meeting organizational standards, and provide a description and a justification for each exemption. If this is the first year filling out the automated State Plan, skip the following question. 6.6. 9.2. State Linkages and Coordination at the Local Level:  Describe the linkages and coordination at the local level that the State and eligible entities plan to create or maintain to ensure increased access to CSBG services to low-income people and communities and avoid duplication of services, as described under Section 675C(b)(B) and as required by assurance under Sections 676(b)(5) of the CSBG Act. Attach additional information as needed.
Note: This response will link to the corresponding CSBG assurances, items 14.5 and 14.6.
Most Wyoming counties have established groups, which serve the purpose of planning, implementing, monitoring, and evaluating their local CSBG programs. Coordination, linkages, and networking are necessary factors in establishing effective local CSBG programs for these groups. Generally, local CSBG programs work with virtually all of the other human services programs and routinely perform information and referral services, as well as receiving referrals from other entities. Local community action plans must show evidence of coordination and linkages with related public and private sector activities, and evidence that CSBG funded activities will not duplicate other efforts. [Click paper clip to attach file]
9.3. Eligible Entity Linkages and Coordination
9.3a State Assurance of Eligible Entity Linkages and Coordination: Describe how the State will assure that the eligible entities will coordinate and establish linkages to assure the effective delivery of and coordination of CSBG services to low-income people and communities and avoid duplication of services (as required by the assurance under Section 676(b)(5)). [Attach additional information as needed.]
Note: This response will link to the corresponding CSBG assurance, item 14.5.

All CSBG eligible entities are responsible for the selection and implementation of programs that will have maximum community impact, consistent with the purposes of the CSBG. Community organization and resource mobilization are integral and invaluable parts of local CSBG operations. Eligible entity applications, reports, and other feedback demonstrate eligible entities A and subcontractor As abilities to draw from a diverse variety of funding sources to build comprehensive programs and to manage an array of resources that will best serve the needs of the community. A detailed description of coordination, linkages, and networking for each eligible entity is a requirement for CSBG funds, and must be included as part of its community action plan which must accompany the application to CSP. Eligible entities must also provide signed assurances to CSP, and indicate their intent to implement each assurance. [Click paper clip to attach file]

# 9.3b State Assurance of Eligible Entity Linkages to Fill Service Gaps:

Describe how the eligible entities will develop linkages to fill identified gaps in the services, through the provision of information, referrals, case management, and follow-up consultations, according to the assurance under Section 676(b)(3)(B) of the CSBG Act.

Note: This response will link to the corresponding CSBG assurance, item 14.3b.

While direct client assistance is the major component of Wyoming's CSBG program, advocacy, community organizing, and resource mobilization is an integral part of it. Some of the specific activities conducted are information and referral including follow-up, local needs assessments, community outreach, human services directories, advocacy, and the general overall emphasis of improving the coordination and networking of all public and private organizations. Some of the major programs that will be

working exceptionally close with CSBG programs are Public Health Nursing, Department of Family Services, Department of Health, Low-Income Energy Assistance Program, Emergency Solutions Grant Program, homeless self-sufficiency programs, senior services, youth services and a variety of other programs, including welfare reform efforts.

#### 9.4. Workforce Innovation and Opportunity Act (WIOA) Employment and Training Activities:

Does the State intend to include CSBG employment and training activities as part of a WIOA Combined State Plan, as allowed under the Workforce Innovation and Opportunity Act (as required by the assurance under Section 676(b)(5) of the CSBG Act)? Yes No

Note: This response will link to the corresponding CSBG assurance, item 14.5.

9.4a If the State selected "yes"under item 9.4, provide the CSBG-specific information included in the State's WIOA Combined Plan. This information includes a description of how the State and the eligible entities will coordinate the provision of employment and training activities through statewide and local WIOA workforce development systems. This information may also include examples of innovative employment and training programs and activities conducted by community action agencies or other neighborhood-based organizations as part of a community antipoverty strategy.

The Workforce Innovation and Opportunity Act (WIOA) was adopted to meet the needs of job seekers and businesses in the 21st Century. Through WIOA, services help youth and adults prepare for a successful working career. CSBG has several employment and training activities which support WIOA. Two examples include CLIMB Wyoming which provides on-the-job training to low-income single mothers and places them in higher paying careers; and Board of Cooperative Educational Services (BOCES) which provides children with disabilities quality education and life skills training.

9.4b. If the State selected "no" under item 9.4, describe the coordination of employment and training activities, as defined in Section 3 of WIOA, by the State and by eligible entities providing activities through the WIOA system.

Note: This response will link to the corresponding CSBG assurance, item 14.6.

The State ensures that coordination between antipoverty programs in each community in the State, and also ensures that emergency energy crisis intervention programs under title XXVI (relating to low-income home energy assistance) are conducted in such communities. The CSBG Act requires religious organizations to be considered for CSBG funding on the same basis as any other non-governmental organization, so long as the program is implemented in a manner consistent with the Establishment Clause of the First Amendment to the U.S. Constitution. Neither the Federal Government nor the state or local governments receiving funds under the CSBG shall discriminate against an organization that provides assistance under, or applies to provide assistance under, the CSBG on the basis that the organization has a religious character. A religious organization that provides assistance under CSBG shall retain its religious character and control over the definition, development, practice, and expression of its religious beliefs. The religious program may not support religious activity or compel participants to adopt or participate in religious teachings or practices. A religious organization may not use CSBG funds for sectarian worship, instruction, or proselytization. It may, however, retain its religious character and not be forced by any government to alter its form of governance (other than creating a Tripartite Board) or remove religious art, icons, scripture, or other symbols. Religious organizations may be designated as new eligible entities in unserved areas, but only if all the requirements applicable to other private non-profit organizations, such as a Tripartite Board, location in the geographic area to be served, ability to provide a broad range of services designed to eliminate poverty and foster self-sufficiency, and demonstrated effectiveness in meeting CSBG goals and purposes, are met. CSP will continue to solicit from, and encourage participation by, appropriate religious organizations in the state (i.e., the Wyoming Church Coalition and other such groups) for the potential of becoming CSBG eligible entities. Historically, the state has worked for a number of years with religious organizations as service providers, including several Salvation Army unities, Cooperative Organ

Note: this response will link to the corresponding assurance, item 14.3c.

CSBG eligible entities operate within a network of local service providers to reduce duplication of effort and to coordinate resources to address various client circumstances. CSBG eligible entities have developed extensive information and referral networks to meet the many needs of clients seeking services. Through linkages established within the service area individuals and families can be connected to an vast array of local programs and services.

# 9.8. Coordination among Eligible Entities and State Community Action Association:

Describe State activities for supporting coordination among the eligible entities and the State Community Action Association.

Wyoming does not have an active State Community Action Association but anticipates establishing an association in the near future. The purpose of this association will be to assist CSP by providing CSBG related training and technical assistance. Specific activities may include strategic planning, increasing partnerships with public and private sector human services programs, conducting the required Information System (IS) Survey and National Performance Indicators (NPI) Report, and providing various training's.

11.3. Assurance on Eligible Entity Tripartite Board Representation:  Describe how the State will carry out the assurance under Section 676(b)(10) of the CSBG Act that the State will require eligible entities to have policies and procedures by which individuals or organizations can petition for adequate representation on an eligible entities' Tripartite Board.
Note: This response will link with the corresponding assurance, item 14.10.
CSP assures that each of its eligible entities will establish policies and procedures under which a low-income individual, community organization, or religious organization, or representative of low-income individuals that considers its organization, or low-income individuals, to be inadequately represented on the board (or other mechanism) of the eligible entity to petition for adequate representation. CSP will ensure compliance with this assurance through the verification of Tripartite Board establishment documents and monitoring. The establishment of such procedures in the assurance will be a requirement for eligible entities in the establishment process of their Tripartite Board in addition to other requirements, as appropriate. In addition, eligible entities must submit signed assurances to CSP as the StateÂs assurances to the HHS/OCS (as applicable), and this assurance is clearly applicable. They must describe how they will carry out this assurance through their respective Tripartite Board eligible entity designation or re-designation (as appropriate) request for CSBG funds. CSP will provide training and technical assistance as needed.
11.4. Does the State permit public eligible entities to use, as an alternative to a Tripartite Board, "another mechanism specified by the State to assure decision-making and participation by low income individuals in the development, planning, implementation, and evaluation of programs" as allowed underSection 676B(b)(2) of the CSBG Act. Section 1.
11.4a. If yes, describe the mechanism used by public eligible entities as an alternative to a Tripartite Board.
The policy of the State is that no organization, public or private sector, will be designated as an "eligible entity" for CSBG purposes unless a formal Tripartite Board is not only established, but operates as a Tripartite Board consistent with the Congressional intent, the CSBG Act, and the State Plan with respect to the process for its establishment, and its overall role and purposes for governance and administration of the CSBG Program. The State of WyomingÂs CSBG networkÂs local eligible entities will both represent and are accountable to their local communities for the manner in which they pursue their poverty-fighting mission, as well as in the way they use the resources of the CSBG. By statute, CSBG-funded agencies will be governed by a board of directors consisting of elected local public officials, representatives of the

low-income community, and appointed leaders from the private sector. This unique Tripartite Board structure is fundamental to the historical Community Action concept. It empowers low-income people to participate directly in the development of responses to poverty conditions; at the same time, private and public representatives gain a much clearer knowledge of the issues confronting low-income people in their community. These members offer their unique expertise to the policy-making, business planning, and operational aspects of the eligible entities.

# **SECTION 14**

CSBG Programmatic Assurances and Information Narrative (Section 676(b) of the CSBG Act)

14.1 Use of Funds Supporting Local Activities

#### **CSBG Services**

 $14.1a.\ 676(b)(1)(A): Describe how the \ State \ will \ assure \ "that funds \ made \ available \ through \ grant \ or \ allotment \ will \ be \ used \ -$ 

- (A) to support activities that are designed to assist low-income families and individuals, including families and individuals receiving assistance under title IV of the Social Security Act, homeless families and individuals, migrant or seasonal farm workers, and elderly low-income individuals and families, and a description of how such activities will enable the families and individuals--
- (i) to remove obstacles and solve problems that block the achievement of self sufficiency (particularly for families and individuals who are attempting to transition off a State program carried out under part A of title IV of the Social Security Act);
  - (ii) to secure and retain meaningful employment;
- (iii) to attain an adequate education with particular attention toward improving literacy skills of the low-income families in the community, which may include family literacy initiatives;
  - (iv) to make better use of available income;
  - (v) to obtain and maintain adequate housing and a suitable living environment;
  - (vi) to obtain emergency assistance through loans, grants, or other means to meet immediate and urgent individual and family needs;
- (vii) to achieve greater participation in the affairs of the communities involved, including the development of public and private grassroots partnerships with local law enforcement agencies, local housing authorities, private foundations, and other public and private partners to -
- (I) document best practices based on successful grassroots intervention in urban areas, to develop methodologies for widespread replication; and
- (II) strengthen and improve relationships with local law enforcement agencies, which may include participation in activities such as neighborhood or community policing efforts;

Activities and services provided in WyomingÂs CSBG Program will reflect the diversity of the needs of low-income individuals and families. Such needs will be determined primarily by the low-income people themselves through (1) their input from their representation on eligible entity tripartite governance boards, (2) local and state level public hearings, (3) the best and most recent available poverty data and information, (4) data and information derived from local needs assessments which will be conducted in each geographical area, and (5) input from local and state level human services providers, along with other information from knowledgeable individuals and organizations relative to the poor. It is strongly intended that the funds provided to CSBG eligible entities and subcontractors be used to increase the levels of services and activities, or to increase the types of services and activities provided to the poor, including youth and elderly, and not be used to replace previous appropriations of local funds for these purposes. Clearly, the State will not allow the supplanting of other funds with CSBG funds. CSBG eligible entities and subcontractors will implement this section of the CSBG Act through many diverse programs and activities. Conceptually, programs have changed each year to varying degrees based upon the respective local needs and resources with regard to the low-income population. CSP monitors compliance with CSBG assurances using a process designed to document program accomplishments along with planned outputs. The planned work programs outline problems, goals, target populations, strategies, and projected outcomes. The program performance and fiscal reports detail achievements, expenditures by categories, people assisted by service categories, client characteristics, and a vast array of other appropriate and pertinent information. Such reports are submitted to CSP on a monthly basis, in addition to an annual report from each eligible entity and their subcontractors. In terms of the range of se

#### Needs of Youth

 $14.1b.\ 676(b)(1)(B)\ Describe\ how\ the\ State\ will\ assure\ "that\ funds\ made\ available\ through\ grant\ or\ allotment\ will\ be\ used\ -$ 

- (B) to address the needs of youth in low-income communities through youth development programs that support the primary role of the family, give priority to the prevention of youth problems and crime, and promote increased community coordination and collaboration in meeting the needs of youth, and support development and expansion of innovative community-based youth development programs that have demonstrated success in preventing or reducing youth crime, such as--
- (i) programs for the establishment of violence-free zones that would involve youth development and intervention models (such as models involving youth mediation, youth mentoring, life skills training, job creation, and entrepreneurship programs); and
  - (ii) after-school child care programs;

CSBG funds are used to support the needs of youth in low-income communities. Examples of programs include childcare programs, transportation and/or nutrition assistance to Head Start programs, and YMCA scholarship assistance.

# **Coordination of Other Programs**

14.1c. 676(b)(1)(C) Describe how the State will assure "that funds made available through grant or allotment will be used -

(C) to make more effective use of, and to coordinate with, other programs related to the purposes of this subtitle (including State welfare reform efforts)

CSP will collaborate with all appropriate and pertinent parties to provide training, information, and technical assistance to grantees. CSP will continue to work with all relevant state and local agencies, both public and private, to ensure coordination of services, and to avoid duplication.

#### State Use of Discretionary Funds

14.2 676(b)(2) Describe "how the State intends to use discretionary funds made available from the remainder of the grant or allotment described insection 675C(b) in accordance with this subtitle, including a description of how the State will support innovative community and neighborhood-based initiatives related to the purposes of this subtitle."

Note: The State describes this assurance under "State Use of Funds: Remainder/Discretionary," items 7.9 and 7.10

#### Eligible Entity Service Delivery, Coordination, and Innovation

14.3. 676(b)(3) "Based on information provided by eligible entities in the State, a description of..."

14.3a. 676(b)(3)(A) Describe "the service delivery system, for services provided or coordinated with funds made available through grants made under 675C(a), targeted to low-income individuals and families in communities within the State;

Both The Community Action Plan and The Planning Process are formal requirements of the CSBG application for funding which is submitted annually .

# Eligible Entity Linkages - Approach to Filling Service Gaps

14.3b. 676(b)(3)(B) Describe "how linkages will be developed to fill identified gaps in the services, through the provision of information, referrals, case management, and followup consultations."

Note: The State describes this assurance in the State Linkages and Communication section, item 9.3b.

#### Coordination of Eligible Entity Allocation 90 Percent Funds with Public/Private Resources

14.3c. 676(b)(3)(C) Describe how funds made available through grants made under 675C(a)will be coordinated with other public and private resources."

Note: The State describes this assurance in the State Linkages and Communication section, item 9.7.

#### Eligible Entity Innovative Community and Neighborhood Initiatives, Including Fatherhood/Parental Responsibility

14.3d. 676(b)(3)(D) Describe "how the local entity will use the funds [made available underSection 675C(a)] to support innovative community and neighborhood-based initiatives related to the purposes of this subtitle, which may include fatherhood initiatives and other initiatives with the goal of strengthening families and encouraging parenting."

Note: The description above is about eligible entity use of 90 percent funds to support these initiatives. States may also support these types of activities at the local level using State remainder/discretionary funds, allowable under Section 675C(b)(1)(F). In this State Plan, the State indicates funds allocated for these activities under item 7.9(f).

CSP will strongly encourage local eligible entities and their subcontractors to initiate innovative community and neighborhood-based initiatives related to the purposes of the CSBG, which may include fatherhood initiatives, where necessary, and other initiatives with the goals of strengthening families and encouraging effective parenting. A description of how local CSBG programs will perform these initiatives must be included in their local applications to CSP, and through their respective community action plans. Eligible entities must also describe how they will implement their signed assurances with regard to these initiatives.

#### **Eligible Entity Emergency Food and Nutrition Services**

14.4. 676(b)(4) Describe how the State will assure "that eligible entities in the State will provide, on an emergency basis, for the provision of such supplies and services, nutritious foods, and related services, as may be necessary to counteract conditions of starvation and malnutrition among low-income individuals."

Hunger is clearly one of the most visible and key elements of poverty. Many people are unable to eat adequately or nutritiously because of the lack of resources. The amount of CSBG funds for feeding and nutrition programs in Wyoming has risen each year since its inception in 1982. Each year, more local grantees are choosing to use more funds for these types of programs. The "emergency assistance" category is one of the most used in Wyoming's CSBG program. Within that, "health services" are the most used, both in terms of funds spent and people served. Peoples' health is clearly the top priority in Wyoming's CSBG program, and the provision of nutrition and food services clearly are most crucial.

# State and Eligible Entity Coordination/linkages and Workforce Innovation and Opportunity Act Employment and Training Activities

14.5. 676(b)(5) Describe how the State will assure "that the State and eligible entities in the State will coordinate, and establish linkages between, governmental and other social services programs to assure the effective delivery of such services, and [describe] how the State and the eligible entities will coordinate the provision of employment and training activities, as defined in section 3 of the Workforce Innovation and Opportunity Act, in the State and in communities with entities providing activities through statewide and local workforce development systems under such Act."

Note: The State describes this assurance in the State Linkages and Communication section, items 9.1, 9.2, 9.3a, 9.4, 9.4a, and 9.4b.

#### State Coordination/Linkages and Low-income Home Energy Assistance

14.6. 676(b)(6) Provide "an assurance that the State will ensure coordination between antipoverty programs in each community in the State, and ensure, where appropriate, that emergency energy crisis intervention programs under title XXVI (relating to low income home energy assistance) are conducted in such community."

Note: The State describes this assurance in the State Linkages and Communication section, items 9.2 and 9.5.

# **Federal Investigations**

14.7. 676(b)(7) Provide "an assurance that the State will permit and cooperate with Federal investigations undertaken in accordance withsection 678D."

Note: The State addresses this assurance in the Fiscal Controls and Monitoring section, item 10.13.

# **Funding Reduction or Termination**

14.8. 676(b)(8) Provide "an assurance that any eligible entity in the State that received funding in the previous fiscal year through a community services block grant made under this subtitle will not have its funding terminated under this subtitle, or reduced below the proportional share of funding the entity received in the previous fiscal year unless, after providing notice and an opportunity for a hearing on the record, the State determines that cause exists for such termination or such reduction, subject to review by the Secretary as provided in section678C(b)."

Note: The State addresses this assurance in the Fiscal Controls and Monitoring section, item 10.7.

#### Coordination with Faith-based Organizations, Charitable Groups, Community Organizations

14.9. 676(b)(9) Describe how the State will assure "that the State and eligible entities in the State will, to the maximum extent possible, coordinate programs with and form partnerships with other organizations serving low-income residents of the communities and members of the groups served by the State, including religious organizations, charitable groups, and community organizations."

Note: The State describes this assurance in the State Linkages and Communication section, item 9.6.

#### **Eligible Entity Tripartite Board Representation**

14.10. 676(b)(10) Describe how "the State will require each eligible entity in the State to establish procedures under which a low-income individual, community organization, or religious organization, or representative of low-income individuals that considers its organization, or low-income individuals, to be inadequately represented on the board (or other mechanism) of the eligible entity to petition for adequate representation."

Note: The State describes this assurance in the Eligible Entity Tripartite Board section, 11.3.

#### Eligible Entity Community Action Plans and Community Needs Assessments

14.11. 676(b)(11) Provide "an assurance that the State will secure from each eligible entity in the services block grant made under this subtitle for a program, a community action plan (which shall be submitted to the Secretary, at the request of the Secretary, with the State plan) that includes a community-needs assessment for the community served, which may be coordinated with community-needs assessments conducted for other programs."

Note: The State describes this assurance in the ROMA section, items 13.5 and 13.6.

#### State and Eligible Entity Performance Measurement: ROMA or Alternate system

14.12. 676(b)(12) Provide "an assurance that the State and all eligible entities in the State will, not later than fiscal year 2001, participate in the Results Oriented Management and Accountability System, another performance measure system for which the Secretary facilitated development pursuant to678E(b), or an alternative system for measuring performance and results that meets the requirements of that section, and [describe] outcome measures to be used to measure eligible entity performance in promoting self-sufficiency, family stability, and community revitalization."

Note: The State describes this assurance in the ROMA section, items 13.1, 13.2, 13.3, and 13.4.

Validation for CSBG Eligible Entity Programmatic Narrative Sections

14.13. 676(b)(13) Provide "information describing how the State will carry out the assurances described in this section."

# CERTIFICATION REGARDING DRUG-FREE WORKPLACE REQUIREMENTS

This certification is required by the regulations implementing the Drug-Free Workplace Act of 1988: 45 CFR Part 76,

Subpart, F. Sections 76.630(c) and (d)(2) and 76.645 (a)(1) and (b) provide that a Federal agency may designate a central receipt point for STATE-WIDE AND STATE AGENCY-WIDE certifications, and for notification of criminal drug convictions. For the Department of Health and Human Services, the central point is: Division of Grants Management and Oversight, Office of Management and Acquisition, Department of Health and Human Services, Room 517-D, 200 Independence Avenue, SW Washington, DC 20201.

Certification Regarding Drug-Free Workplace Requirements (Instructions for Certification)

&nbsp1. By signing and/or submitting this application or grant agreement, the grantee is providing the certification set out below.

&nbsp2. The certification set out below is a material representation of fact upon which reliance is placed when the agency awards the grant. If it is later determined that the grantee knowingly rendered a false certification, or otherwise violates the requirements of the Drug-Free Workplace Act, the agency, in addition to any other remedies available to the Federal Government, may take action authorized under the Drug-Free Workplace Act.

&nbsp3. For grantees other than individuals, Alternate I applies.

&nbsp4. For grantees who are individuals, Alternate II applies.

&nbsp5. Workplaces under grants, for grantees other than individuals, need to be identified on the certification. If known, they may be identified in the grant application. If the grantee does not identify the workplaces at the time of application, or upon award, if there is no application, the grantee must keep the identity of the workplace(s) on file in its office and make the information available for Federal inspection. Failure to identify all known workplaces constitutes a violation of the grantee's drug-free workplace requirements.

&nbsp6. Workplace identifications must include the actual address of buildings (or parts of buildings) or other sites where work under the grant takes place. Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or State highway department while in operation, State employees in each local unemployment office, performers in concert halls or radio studios).

&nbsp7. If the workplace identified to the agency changes during the performance of the grant, the grantee shall inform the agency of the change(s), if it previously identified the workplaces in question (see paragraph five).

&nbsp8. Definitions of terms in the Nonprocurement Suspension and Debarment common rule and Drug-Free Workplace common rule apply to this certification. Grantees' attention is called, in particular, to the following definitions from these rules:

Controlled substance means a controlled substance in Schedules I through V of the Controlled Substances Act (21 U.S.C. 812) and as further defined by regulation (21 CFR 1308.11 through 1308.15);.

Conviction means a finding of guilt (including a plea of nolo contendere) or imposition of sentence, or both, by any judicial body charged with the responsibility to determine violations of the Federal or State criminal drug statutes;

Criminal drug statute means a Federal or non-Federal criminal statute involving the manufacture, distribution, dispensing, use, or possession of any controlled substance;

Employee means the employee of a grantee directly engaged in the performance of work under a grant, including: (i) All direct charge employees; (ii) All indirect charge employees unless their impact or involvement is insignificant to the performance of the grant; and, (iii) Temporary personnel and consultants who are directly engaged in the performance of work under the grant and who are on the grantee's payroll. This definition does not include workers not on the payroll of the grantee (e.g., volunteers, even if used to meet a matching requirement; consultants or independent contractors not on the grantee's payroll; or employees of subrecipients or subcontractors in covered workplaces).

# **Certification Regarding Drug-Free Workplace Requirements**

Alternate I. (Grantees Other Than Individuals)

The grantee certifies that it will or will continue to provide a drug-free workplace by:

- (a) Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the grantee's workplace and specifying the actions that will be taken against employees for violation of such prohibition;
  - (b) Establishing an ongoing drug-free awareness program to inform employees about -
  - (1) The dangers of drug abuse in the workplace;
  - (2) The grantee's policy of maintaining a drug-free workplace;
  - (3) Any available drug counseling, rehabilitation, and employee assistance programs; and
- (4) The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace;
- (c) Making it a requirement that each employee to be engaged in the performance of the grant be given a copy of the statement required by paragraph (a);
- (d) Notifying the employee in the statement required by paragraph (a) that, as a condition of employment under the grant, the employee will -
- (1) Abide by the terms of the statement; and (2) Notify the employer in writing of his or her conviction for a violation of a criminal drug statute occurring in the workplace no later than five calendar days after such conviction;
- (e) Notifying the agency in writing, within 10 calendar days after receiving notice under paragraph (d)(2) from an employee or otherwise receiving actual notice of such conviction. Employers of convicted employees must provide notice, including position title, to every grant officer or other designee on whose grant activity the convicted employee was working, unless the Federal agency has designated a central point for the receipt of such notices. Notice shall include the identification number(s) of each affected grant;
- (f) Taking one of the following actions, within 30 calendar days of receiving notice under paragraph (d)(2), with respect to any employee who is so convicted -
- (1) Taking appropriate personnel action against such an employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973, as amended; or
- (2) Requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency;
- (g) Making a good faith effort to continue to maintain a drug-free workplace through implementation of paragraphs (a), (b), (c), (d), (e) and (f).
- (B) The grantee may insert in the space provided below the site(s) for the performance of work done in connection with the specific grant:

Place of Performance (Street address, city, county, state, zip code)

Check if there are workplaces on file that are not identified here.

Alternate II. (Grantees Who Are Individuals)

- (a)The grantee certifies that, as a condition of the grant, he or she will not engage in the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance in conducting any activity with the grant;
- (b)If convicted of a criminal drug offense resulting from a violation occurring during the conduct of any grant activity, he or she will report the conviction, in writing, within 10 calendar days of the conviction, to every grant officer or other designee, unless the Federal agency designates a central point for the receipt of such notices. When notice is made to such a central point, it shall include the identification number(s) of each affected grant.
